

Partners in Recovery (PIR) is a Commonwealth funded mental health initiative that aims to better support people with severe and persistent mental illness with complex needs, and their carers and families.

A coordinated and integrated approach is used to ensure that PIR consumers receive the best possible services and supports.

PIR support participants in transitioning to the National Disability Insurance Scheme (NDIS).

WORKING TOGETHER TOWARDS MENTAL WELLBEING

WHAT IS PARTNERS IN RECOVERY?

PIR OBJECTIVES INCLUDE:

- Facilitating improved coordination and collaboration of community services to deliver 'wrap around' care
- Improving referral pathways for the PIR target group
- Strengthening partnerships in delivering services to the PIR target group
- Promoting a community based recovery model to underpin community services for the PIR target group.

INDIVIDUALS THAT MEET THE FOLLOWING ELIGIBILITY CRITERIA CAN ACCESS PIR:

- Appear to have a severe and persistent mental illness
- Have complex needs that require services from multiple agencies
- Require substantial support and assistance to engage with the various services to meet their needs

- Have no existing coordination arrangements in place to assist them to access the necessary services, or where they are in place, those arrangements have failed, have contributed to the problems experienced by the individual, and are likely to be addressed by acceptance into PIR, and
- The individual or their legal guardian has indicated a willingness to participate in PIR.
