

Key Safes

Key safes are a strong metal box installed on the outside of your property to securely store the keys or swipe cards to access your house

Safety First

Emergency workers can quickly gain access to your home without damaging your property.

Peace of Mind

Offers peace of mind for those who love you most.

Security

A secure way to store keys that eliminates the need to leave keys under doormats or to issue multiple sets of keys to family/neighbours.

Where to purchase & Cost

- In person at Bunnings or Officeworks
- Between \$35 and \$50.

Home care package customers may be able to have one purchased with package funds.

Make sure to register the code with emergency services. The registration form can be found on our website chorus.org.au/for-customers.
